Have A Merry, Merry Miata !!!

Hi, Miata Folks,

I imagine by now most of us, me included, have sadly packed our little cars away in winter storage. But let's think positive and be optimistic.

Holiday gift-giving (and receiving☺) is coming, so here's some holiday Miata-related gift suggestions to slip in front of your spouse or significant other. Yes, it's always nice to give, but you have to admit, it's awfully nice to "receive", especially if it's something on your wish-list.

These items can be purchased on-line from Go-Miata (www.gomiata.com), Moss Miata (www.mossmiata.com), AutoAnything (autoanything.com), TireRack or your fav auto part/supply store. Just Google it. Prices listed below are approximate.

Have a wonderful Holiday Season and hope to see everyone when the snow melts!

Zoom-Zoom Next Spring!

Gail
