

MIDSTATE MIATA CLUB OF NY

"MIATA MEANDERINGS" NEWSLETTER

Volume 6, Issue 2, April 2022

President's Letter from Karen McKissock

OK. My note for this month is short and sweet as I'm sitting home in 3 degrees (with the windchill) temp and 4 inches of snow in my driveway. I can't think of 1 thing to look forward to today, BUT I am very grateful for my home and the safety of my family and yours. It's really too petty of me to complain about anything...the weather, the price of gas or politics. My world is safe and happy (even though it's not warm). So I'm done complaining (for today LOL).

I know April doesn't have any official Miata events on the calendar but I encourage all of you to get your cars out when the salt gets a good rinse off the roads, and get some miles on those tires. The roads all go somewhere, so GO!

There will be more detailed information forthcoming soon about the season schedule. Please stay tuned and say a prayer for the people of Ukraine and help however you can. Thank you.

June 19, Great American Race

Event Coordinator – Jerry Willis, Syracuse Chapter

Shine or sprinkle only event

The [Great American Race](#) will be coming through southern New York this summer. Specifically, Erie, PA, Wellsville NY, Binghamton NY, and Newburgh NY. There will be an overnight stop in Binghamton! I THINK that overnight is June 19, 2022. Can anyone confirm that? Be sure to check out the website for more details.

In any case, they have a website with a lot of information and contact phone numbers and emails.

The cars will arrive in front of the Binghamton Courthouse, about 1 car per minute, between 5:00 pm and 7:00 pm. The drivers will then have dinner and spend the night at the Holiday Inn and Doubletree. I think we will try to get something to eat maybe about 3:30-4:00 pm in Binghamton after the drive down from the Eurocar show in Lafayette. We can watch the cars and then head home. Sunset is about 9:00 pm. The Great Race will be stopping in Binghamton on Sunday, June 19, from 5-8 p.m. on Court Street, downtown.

It would be cool to go and watch the cars go driving past. They expect 150 automobiles to start. The oldest cars are three 1916 models; Hudson Hill Climber, Hudson Speedster, and a Chevrolet Baby Grand to two 1974 models; Plymouth Bluesmobile and Peterbilt 359.

Register with Jerry Willis at o_lake_676@hotmail.com (there are underbars in the username, _) or 315-676-3072 or 315-436-6937 and your Area Representative.

Friday, September 9, Watkins Glen Grand Prix Festival

NON-CLUB SPONSORED EVENT - For Informational Only

Every year, on the Friday after Labor Day, Watkins Glen celebrates the [Grand Prix Festival](#). For those of you who are unfamiliar with racing and Finger Lakes history, in 1948, Watkins Glens hosted the first post-World War II auto race in the USA. Cars raced on the local roads including running straight through the middle of town. The racing continued each year until following a fatal accident in the 1952 race, after which the race moved to a dedicated track and later to its current facility now called Watkins Glen International (WGI).

The weekend after Labor Day, WGI hosts a weekend of [Sportscar Vintage Racing Association \(SVRA\)](#) vintage car racing. On the Friday, many of these vintage race cars come down from WGI en masse, lap the 6.6 mile "old course" (which still exists pretty much as it did in 1948) and park on Franklin St for the evening. Spectators line the streets to celebrate a tribute to the return of these vintage racers to the village of [Watkins Glen](#). During the day, a number of "tours" are held for the auto enthusiasts where you drive your car along a prescribed course, have a group lunch, do laps of the old course, park in a group and generally have a good time. One of these is the "Sporting Roadster Tour". This is limited to sporting convertibles to which the Miata certainly qualifies and a number of our members participate every year.

Whether you come for the evening to watch the cars roar through town, see all the cool cars parked in town, spend the day on a tour, or attend the vintage races at WGI, it's a great time. I encourage you all to check it out! See [GrandPrixFestival.com](#) for full details.

Wednesday, October 12, Sprague's Maple Farms with the Niagara Miata Club

Event Coordinator – Chuck Rischenole, Rochester Chapter

Date may change, more information to follow when available

It's time again for the annual ride with the [Niagara Miata Club of Western NY and Southern Ontario](#) to [Sprague's Maple Farm](#) in Portville. If you haven't been there before, take a look at their lunch menu on their website.

We will meet at the McDonalds in Avon, 250 E, Main St. for a pit stop and drivers meeting at 8:30am and will depart at 9:00 am A.I.S.M.R. (I will explain for any new members). This will be approximately a one hour ride to meet up with the Niagara Club for their ride to Sprague's. Their drive will include a stop at the [Cuba Cheese Shoppe](#) in Cuba NY. If you have never been there before this is one of those "if we don't have it you didn't need it" stores for cheeses. The Niagara Club uses the FRS radios Channel 5 for communication on their rides so if you still have one stashed away in a drawer or box somewhere bring it along. After lunch we will do a return trip with [Colby's Ice Cream & Bake Shop](#) in Rush as our final destination. I can guarantee you good food, good ice cream, and some great roads.

Typically they serve Sliced Roast Beef (be sure to bring horseradish if you want it), Mashed Potatoes, Homemade Gravy, Corn, Tossed Salad, Rolls, Pickles / Beets, Iced Tea, Coffee, and A slice of Pie. Hard Cider Crawl

Event Coordinator – Ray Mosher, Syracuse Chapter

This is mostly a repeat of previous runs. We meet at the Byrne Dairy on US-20, Lafayette, just west of I-81 (the same location that the Apple Fritter Crawl begins), to start our drive. We meet at 11:15 for an 11:30 departure. Snacks, potties and gas are all available here. After about a 30-minute drive we arrive at Critz Farms Brewing & Cider Co. near Cazenovia to taste their cider and beer. (There may be a food truck). Then it's an hour or so of backroads driving to Awestruck Ciders in Sidney. Awestruck has great ciders (including Hibiscus Ginger and Lavender Hops) and snacks. Then, a return drive home via a mostly different route, stopping at 1911 Beak & Skiff. The Binghamton and Ithaca Chapters could organize their own drive to meet at Awestruck Ciders. Bring your growlers! Bottled products are also available.

This is a shine only event, but will be cancelled only in the event of a total washout day. We will run with the odd shower. There is no food on the run until we get to Awestruck around 2:30, so plan to eat lunch before you come or bring a snack. There are toilets at each stop, but none planned on the road. Indoor and outdoor seating is available at all venues.

Check out food and drink menus at [Critz Farms Brewing & Cider Co.](#) and [Awestruck Ciders](#) and [1911 Beak & Skiff](#)

Log Cabin Car Show

Event Coordinator – Chuck Rischenole, Rochester Chapter

More to come once they open.

It is a shine-only event. We will meet again for our annual visit to the Log Cabin Restaurant on route 31F in Macedon. Reserved parking spaces for the club, great food outdoors or indoors if you prefer. A great selection of cars and motorcycles to look at and reminisce. I will need a headcount to get enough spaces set aside for us.

Marcellus Parade

Event Coordinator – Chuck Paul, Syracuse Chapter

It has been a while since we have been in this parade and I am sure it will be a super parade again this year. The time is coming again for the annual Olde Home Days Parade in Marcellus. The day starts early when more than 45 vendors and informational booths line Main Street for "the way it used to be" on parade day. Anytime after 12:00 there will be activities (mostly food vendors) in Marcellus Park (Platt Road). How about a sausage sandwich pre-parade?

We will likely meet at the convenience store located at the intersection of Pleasant Valley Road and Route 175. We line up trying to vary colors (some are more obsessive than others). The last time we went, we had new directions from the village that we could not toss candy to the children along the route, which is about one mile long and very heavily populated on parade day. We'll see what the directions are this year. The parade ends at beautiful Marcellus Park where we will re-group and count the cars (40 is the record-can we beat it?). We will

shortly depart for a short scenic, drive ending at Skan-Ellus drive-in for great food and ice cream or have a picnic in the park. This location is a great jumping-off point in all directions for the drive home.

Watch for developing details!

Event Coordinator – Nancy and Bill Lowe, Rochester Chapter

The museum is dedicated to the preservation of WWII, the Korean War, and Vietnam-era aircraft, equipment, and the stories of the men and women who served our country at home and abroad. This is a great place to learn what it was all about and fun to explore.

Skaneateles Polo Club

Event Coordinator – Chuck Paul, Syracuse Chapter

Polo typically starts at 3:00 at the [Skaneateles Polo Club](#), 783 Andrews Rd, Skaneateles. Ahead of that, we will meet at [Bob's Barbecue](#) on Route 281 between Homer and Little York. You can arrive early at Bob's and either eat there or get something to go to eat later at the polo grounds in Skaneateles. We will depart Bob's at 1:00 sharp (you know the rules) for an approximately 45 minute drive to the Skaneateles Polo Grounds. We can tailgate prior to the start of the match at 3:00. Also, I will lead a caravan for those interested from Lafayette to Bob's. We'll meet at [Byrne Dairy](#), Route 20 Lafayette at 11:15 for an 11:30 departure. We'll take a short scenic drive to Bob's and arrive there at about 12 noon.

The polo match will be held shine and dry field only If it is a sunny day but if polo is canceled due to poor field conditions, we'll still hold the event IF the parking/tailgate area is not too wet. We'll all still meet at the polo grounds and tailgate. Just no polo. Let Chuck know if you plan to meet at LaFayette Byrne Dairy or Bob's Barbecue. No need to reply to Chuck if you plan to meet at the polo grounds.

As always, other Chapters can meet in their area and either make their way to [Byrne Dairy](#), [Bob's Barbecue](#) or the [Skaneateles Polo Club](#). If you decide to do this, be sure to let Chuck and your Area Representative know you will meet the Syracuse Chapter at Byrne Dairy, Bob's (*inform Chuck and your local area representative*) or at Skaneateles Polo Club (*inform you local area representative only*).

POST EVENT REPORTS

Thursday, March 10th 2022 – Miata Club members try Curling!

Event Coordinator – Colleen Welch – Syracuse Chapter

Even though their cars were still tucked away for the winter, 8 adventurous members took to the ice at the Utica Curling Club to try Curling. First there was a round of drinks with time to watch the club curlers in league play. This was to give everyone a chance to better understand the game and to see what was in store for the group! (It always look easy when you watch!)

After a quick dinner from the club caterer it was off to give the sport a noble try! With foot grippers and brooms in hand the 8 stepped out on the ice for the first time. With some instruction everyone got to try sliding down the ice and eventually throw a curling stone! The other end of the 'sheet' looks very far away when the first stone is thrown! Then sweeping was next on the agenda. That involves running along with the moving stone and sweeping and trying to keep up with the stone all at the same time. Quite a challenge in the beginning.

Finally all 8 were able to play an actual 3 end game. After the game another round of drinks as is customary so everyone can rehash the game.

Overall a fun evening! Good food, good drinks, a fun sport and a great group of members!
Thanks for coming!

Here is a shout out to Bill Lowe who was able to snap a few pics of the event for us. Be sure to checkout the [Club's Facebook page](#), Community, for a video and more photos!

Attending were: Susan and Ray Mosher, Lee and Miriam Maddy, Nancy and Bill Lowe, Cathy and Dale Nagel, Jay Cartini and Colleen Welch.

NOTICE & USE CAUTION: According to [WD-40's website](#) which lists 2,000 uses, *there is not a mention of adding it to your fuel system.*

A Club member just had something on their phone about adding 8-oz's of WD-40 to a tank of gas to help remove the water from your gas, and it helps clean gunk from your engine. They Googled it and this was what they found!

WD-40 should ***not*** be used in the gas tanks of vehicles that have sensitive fuel systems or in those that have fuel injection. WD-40 may not work properly when mixed with ethanol gasoline. Ethanol is formulated to attach to water in the fuel tank, so it eliminates the need for an additive to remove water from the fuel.
